The Fairfax-Falls Church Community Services Board partners with individuals, families, and the community to empower and support Fairfax-Falls Church residents with or at risk of developmental delay, intellectual disabilities, mental illness, and alcohol or drug abuse or dependency.

We provide leadership to ensure the integration of the principles of resilience, recovery and self-determination in the development and provision of services. We maintain accountability by ensuring that continuous system improvement is anchored in best practice, outcome and effectiveness measurement, and the efficient use of resources.

As the public support network, we provide services which assist, improve and maximize the potential of individuals affected by these conditions and strengthen their capacity for living self-determined, productive and valued lives within our community.

People receive timely, individualized, quality services when and where they need them, in addition to active support, resulting in acceptance in the community.

The consolidated program, New Horizons Treatment Center, will provide:

- treatment services to approximately 40 to 50 people annually
- ongoing assessment
- education and support for independent living skills
- medication management and monitoring
- group and individual psychotherapy
- substance use disorder treatment
- recreation and social activities
- case management services, including linkages to day treatment, self-help groups, vocational and education programs, benefits, health care and housing
- staff support to program graduates moving to an off-site apartment program

The program will open in July 2010.
